Skywire® NL-SW-HSPAx to NL-SW-HSPA Product Change Notification

NimbeLink Corp

Updated: January 2017

Table of Contents

1. Introduction

This document covers the following part numbers:

PCN Part Numbers	Recommended Replacement
NL-SW-HSPAP	NL-SW-HSPA
NL-SW-HSPAPG	NL-SW-HSPA
NL-SW-HSPAPE	NL-SW-HSPA

The NL-SW-HSPA Skywire® modem provides Global GSM functionality and GPS capability in one package. The NL-SW-HSPA Skywire is the recommended replacement to the NL-SW-HSPAP, NL-SW-HSPAPG, and NL-SW-HSPAPE.

2. Migration Overview

NimbeLink has changed the status of the NL-SW-HSPAP, NL-SW-HSPAPG, and NL-SW-HSPAPE Skywire modems to "non-standard". Non-standard parts requires a specific minimum order and are non-cancellable and non-returnable.

The NL-SW-HSPAP, NL-SW-HSPAPG, and NL-SW-HSPAPE Skywire modems are not recommended for new product designs.

The standard part alternative is the NL-SW-HSPA Skywire. The NL-SW-HSPA is a form, fit, and function alternative to the NL-SW-HSPAP, NL-SW-HSPAPG, and NL-SW-HSPAPE Skywire modems. The NL-SW-HSPA Skywire will be lower priced and is the superset of functions covering these modems.

3. Last Time Buy Date

NL-SW-HSPAP, NL-SW-HSPAPG, and NL-SW-HSPAPE Skywire parts will be no longer available when inventory is depleted through regular distribution. These parts are available for custom order and will require minimum specific orders.
