Product / Process Change Notice

The fire in FAB2(Nobeoka Plant) that occurred on October 20 2020, caused significant damage to the facility. Therefore, AKM is hereby announcing the change of the site as below. In addition, we also change the resin for the purpose of improving the stability of production capacity. This is a change approval request which describes the change details and products affected. For the above reasons, the data sheet has been revised, so we will inform it as well.
