

Customer Notification
Optoelectronics Price Book Update

September 2, 2019

Notification Reference: **EOL1038**

Dear Valued Customer,

TT electronics firmly believes that our distributor relationships are critical to our success. We are committed to providing you the best quality, service, and value, which will allow us to grow together. No pricing changes are being made with this update. The changes are effective 60 days from the date of this letter.

This notification outlines the following changes to the price book:

- New part numbers added, OPB9001xx
- Added obsolete High Reliability PNs that were not included previously to the obsolete tab. Reference EOL1038. This is a correction to the price book, hence there is no LTB and there are not any recommended replacements. See appendix A for the complete list.
- Updated ECCN to EAR99 for all OMHxxxx part numbers.
- Expanded suggested retail pricing for three Hall Effect Sensors: OH090U, OHN3020U and OHN3140U

TT Electronics appreciates and values our business relationship and looks forward to your continued interest in our products.

To best serve you and answer questions on replacement products, all inquiries and requests should be directed through the normal sales channels.

Thank you again for your understanding,

David M Kertes – Vice President of Global Sales and Marketing
