

Product/Process Change Notifications

PCN - 16 002

Release Date: February 02 2016

Product Name:	Bergstak		
	0.8mm BTB product		
Product Manager:	Paul Liu		
Subject:	Notification of Planned Change		
Distribution:	Global		
Type of Change:	Packaging Change		
Change Description:	1. Change the existing material of carrier tape from Polystyrene clear (PS) to Polythylene terephthalate clear (PET). 2. Change existing carrier tape design to prevent deformation of solder tail of terminals.		
Reason for Change:	1. Change PS clear to PET clear - Due to the material properties, PET clear has a better strength than PET clear after molding. This also helps to reduce the risk for cavity breakage and keep product coplanarity. 2. Change existing carrier tape design - Some of the existing carrier tape design use the terminal tail as the product support. Since it is easy to be deformed, the design is changed. The new material is more transparent and would help in better visual inspection. There is no change in customer application or other functions and it does not affect product.		
Affected Parts:	Attached PN list		
Effective Date of Change:	April 15, 2016		
Last Time Buy Date:	NA		
Last Disty Return Date:	NA		
Last Time Shipment Date	NA		
Datasheet Attached?	No		
Qual/Test Data Attached?	No		
Samples Availability Date:	March	30	2016
Available Alternatives?	No
