**DESCRIPTION AND PURPOSE:**

ON Semiconductor experienced catastrophic flooding at our subcontractor manufacturing facility CEI in Thailand, and production of ON part number CMCPIC102BR and CMPWR280TN is temporarily moved to another site.

We apologize for any inconvenience this has caused, however this disruption is a result of events beyond our control and we will only be able to honor limited customer requests through existing inventory and a limited quantity of raw material parts which will be assembled at a new subcontractor assembly location.

This Process Change Notice is to notify our customers that we cannot honor the customary 6 months LTB or 12 months LTS guidelines as outlined by JEDEC JESD 48B.

Toward this end, please respond to this notice with your life time buy requirements and ON semiconductor will make all commercially reasonable efforts to supply our customers' requirements.
