

Product Change Notification		Date February 10, 2021
Product	Digi XBee S2D	

Reason for Change

<input type="checkbox"/> Technical Requirement	<input type="checkbox"/> Product Transition
<input type="checkbox"/> Customer Requirement	<input checked="" type="checkbox"/> Product Discontinuation
<input type="checkbox"/> Quality Improvement	<input type="checkbox"/> Product Enhancement
	<input type="checkbox"/> Other (Brand Change)

Description of change	The Digi XBee S2D product line will be phased out. The Digi XBee 3 is a suitable drop-in replacement. In addition, the new XBee 3 family provides several benefits over S2D: <ul style="list-style-type: none"> Increased sensitivity enabling better RF performance and range Lower operating current, ideal for battery applications Programmability with MicroPython for edge intelligence, process data without needs for separate microcontroller Bluetooth low energy support for local configuration via a mobile device/Application, XCTU functions with a portable device New Micro form-factor option (13x19x2mm) enabling smaller designs
------------------------------	---

Affected Part Numbers	See Appendix
------------------------------	--------------

Timing of Change	Last time buy orders must be received by March 31, 2021 Last time shipments will be completed by July 6, 2021 LTB order requests are NCNR and subject to final allocation and order confirmation. Digi holds the right to cancel new and existing orders based on component availability and financial considerations.
-------------------------	--

Quality Issues	None
-----------------------	------
