

## Global Change Notification (GCN)

Product Family	Mini-Fit Jr	10708360		
		GCN Number		
Series	Various	November 02, 2015		
		Date Issued		
Reason For Change	Supplier Change			
Change Description	This letter is to announce that due to capacity constraints, we will be changing the pre-plated flat stock, and adding an additional supplier. This change only affects parts made in Lincoln (3104) and Nogales (3105). The current pre-plated flat stock will change from bright tin over copper to reflowed tin over copper plating. In addition, we will also be changing the post plated terminal used in the 5566, 30069, & 43588 vertical headers to the same pre-plated reflowed tin over copper plating. If post plated headers are desired, alternative part numbers are available with matte tin over nickel plating. See attached list for these applicable part numbers.			
Part Numbers Affected	Please refer to CustomerPartList.csv attached to e-mail message.			
Reason For Short Notice Exception				
Assessment Of Change (How Product Will Be Qualified & Validated)	The changed terminals will complete the Molex internal qualification/approval process prior to its release to production. Qualification reports are available upon request after January 15, 2016.			
Internal Molex Qualification Date (Planned Date Information Available)	January 15, 2016			
Sample Availability Date (Changed Part)	January 15, 2016			
Date of Implementation	February 01, 2016			
Method of Identifying Change	Product made after February 1, 2016 can contain this change.			
Recommended Replacement Parts	See Attached list of alternative post plated part numbers using tin over nickel plating.			
Last Time Buy Date for Obsolete Parts				
Last Time Ship Date for Obsolete Parts
