

October 29, 2021

Dear Valued Customers:

We wish to advise that as of November 2021, Altech Corp.[®] will no longer sell the Celduc line of solid state products. This is as a result of both companies deciding to end the business relationship.

Unfortunately, there will be no last time buy opportunities.

Should you have any stock which you would like to return, please contact Altech Corp.[®] and we will advise on the process.

Sincerely,

Altech Management
