

Statement of Compliance to REACH SVHC

Ampleon Netherlands B.V. hereby declares compliance with the EU REGULATION (EC) No. 1907/2006 of the European Parliament and of the Council of 18 December 2006 except as noted in the appendix. Its products and packaging materials are according to chapter 2 Article 3 (definitions) section 3 of the REACH regulations.

- **Compliance with the Restrictions on the manufacturing, placing on the market and use of certain dangerous substances under EU REACH regulations Annex XVII Article 67 (18 December 2006)** for all the products we sold/shipped and sell to our customers.
- **Compliance with substances within the 59 entries subject to authorization under EU REACH regulations Annex XIV** recently published by ECHA last April 11, 2022

Should any of the Articles fail to comply with any of the restrictions or contain any of the restricted substances listed in EU REACH regulations Annex XVII and Annex XIV substances subject to authorization, we will inform our customers accordingly which of the Articles are affected by the substance of concern.

- **Compliance with the duty to communicate information on substances in articles with EU REACH regulations Article 33 section 1.** To inform our customer if an article is placed on the European market contains an (SVHC) Substance of Very High Concern in excess of 0.1% w/w. The REACH SVHC Candidate list was published on the 10th of June 2022 with 224 substances.

In case the article we have sold /shipped and sell to our customers contains any of the REACH SVHCs mentioned in the current Candidate List with concentrations above the threshold limit of 0.1% w/w, we shall inform our customers with sufficient information to facilitate the safe use of the articles.

This statement of compliance to REACH is available on our company website and is reviewed regularly as we launch new products to maintain accuracy.
