

**CROSSING NV SRAMS**

Two companies make nonvolatile (NV) SRAMS that are direct or close crosses to the NV SRAMs manufactured by Dallas Semiconductor. The following table contains of list of these crosses.

Data sheets for these devices, as well as other memory products can be obtained from the Maxim website at the following address:

[http://dbserv.maxim-ic.com/pl\\_list.cfm?filter=mp](http://dbserv.maxim-ic.com/pl_list.cfm?filter=mp)
